INVITATION TO A SENSITIZATION WORKSHOP
ON DESIGN, BUILD AND MAINTAIN APPROACH TO BE USED FOR THE
UPGRADING WORKS OF KIBUGABUGA - GASORO ROAD SECTION (66.55KM)

The Government of the Republic of Rwanda (GoR) under EDPRS and Vision 2020 assigns fundamental importance to the development of the economic infrastructure of the Country, in particular roads. The development of the road infrastructure contributes to the overall economic development strategy for reduction of poverty and stimulates social-economic growth.

It is in that context that the GoR intends to upgrade a section of the national road network from Ngoma to Nyanza (130km) in 2 distinct lots. The GoR has applied for financing from the World Bank to upgrade the Lot of Kibugabuga - Gasoro road section (66.55km), to be implemented through the Design, Build and Maintain approach.

Therefore, the Rwanda Transport Development Agency (RTDA) organizes a sensitization workshop to present/provide clarifications on the use of Design-Build-Maintain approach and sensitize contractors on the underlying philosophy and principles.

This letter serves to invite all interested firms to participate to a the workshop scheduled on 19th May 2017 at 09:00 a.m. at the main board room of the Ministry of Infrastructure located at KG 7 Ave, Kacyiru, Kigali City/Rwanda. All interested firms are kindly invited to confirm by email to the following address: procurement@rtda.gov.rw with a copy to info@rtda.gov.rw.

Sincerely

Guy M. KALISA
 Director General
